

Price List – Seed Processing and Other Services

Seed processing – coniferous species	Price in EUR/kg of seed
<i>Picea</i> spp., per 1 kg of seed	€90.25
<i>Pinus</i> spp., per 1 kg of seed	€127.18
<i>Larix</i> spp., per 1 kg of seed	€377.39
<i>Pseudotsuga menziesii</i> , per 1 kg of seed	€356.88
<i>Abies</i> spp. – processing, dewinging, cleaning, short-term storage, per 1 kg of seed	€36.92
<i>Abies</i> spp. – processing, dewinging, cleaning, preparation for long-term storage by freezing, per 1 kg of seed	€43.07
Individual services – coniferous species	
<i>Abies</i> spp. – cleaning of raw seed, preparation for short-term storage, per 1 kg of seed	€24.20
<i>Abies</i> spp. – dewinging, cleaning of raw seed, preparation for short-term storage, per 1 kg of seed	€26.66
<i>Abies</i> spp. – dewinging, cleaning of raw seed, preparation for long-term storage, per 1 kg of seed	€31.58
Cleaning of raw conifer seed without dewinging, per 1 kg of seed	€35.69
Sorting of conifer seed into fractions (minimum quantity 1 kg)	€4.51
Seed treatment of conifer species (minimum quantity 1 kg)	€7.38
Sorting of <i>Larix</i> spp. seed by flotation – PREVAC	€7.38
Seed processing – broadleaved species	
<i>Acer</i> spp., <i>Tilia</i> spp., per 1 kg of seed	€35.28
<i>Prunus avium</i> – mixing, drying and cleaning, per 1 kg of seed	€47.17
<i>Fagus sylvatica</i> – cleaning (sieve separator + gravity separator + pneumatic table), preparation for short-term storage, per 1 kg of seed	€8.20
<i>Fagus sylvatica</i> – cleaning (sieve separator + gravity separator + pneumatic table), preparation for long-term storage by freezing, per 1 kg of seed	€10.67
Individual services – broadleaved species	
Cleaning of <i>Quercus</i> spp. acorns by flotation, per 1 kg of raw material (always carried out before storage)	€0.25
Thermotherapy of <i>Quercus</i> spp. acorns without cleaning, per 1 kg of seed (always carried out before storage)	€0.74
Seed treatment of <i>Quercus</i> spp. acorns (always carried out before storage)	€0.74
Cleaning of <i>Tilia</i> spp. and <i>Carpinus betulus</i> seed, per 1 kg of raw seed (always carried out before stratification)	€16.41
Sorting of broadleaved seed into fractions (<i>Tilia</i>, <i>Carpinus</i>, <i>Acer</i>, <i>Alnus</i>)	€2.87
Seed coating with biological preparations	€73.83
Stratification	
Price in EUR/kg at intake	
<i>Fagus sylvatica</i> – short-term stratification – seed from the previous year (including seed treatment)	€3.28
<i>Fagus sylvatica</i> – long-term stratification – frozen-stored seed (including seed treatment)	€3.69
<i>Fagus sylvatica</i> – gradual sorting of germinated beech nuts from a seed lot using an optical sorter, per 1 kg of seed at intake	€8.61
<i>Sorbus</i> spp., <i>Malus</i> spp., <i>Pyrus</i> spp.	€98.45
<i>Tilia</i> spp., <i>Carpinus betulus</i> , <i>Prunus</i> spp., <i>Fraxinus</i> spp.	€24.20
<i>Acer</i> spp.	€11.90
<i>Abies</i> spp., <i>Picea</i> spp., <i>Pinus</i> spp., <i>Pseudotsuga menziesii</i> , <i>Larix</i> spp.	€4.92
Seed Storage	
Price in EUR/kg per day	
Long-term seed storage by cooling from 0 °C to +4 °C (<i>Betula</i> spp., <i>Carpinus betulus</i>, <i>Sorbus</i> spp., <i>Fraxinus</i> spp., <i>Acer</i> spp., <i>Tilia</i> spp., <i>Prunus</i> spp., coniferous species, shrubs)	€0.013
Long-term seed storage by freezing from 0 °C to -3 °C (<i>Quercus</i> spp.)	€0.013
Long-term seed storage by freezing from -5 °C to -8 °C (<i>Abies</i> spp., <i>Fagus sylvatica</i>)	€0.013
